

To: Whom It May Concern  
Re: Michael Bush and mask mandate  
Date: August 18, 2022

I have interviewed and examined my patient Michael Bush and found him to have medical contraindications to wearing a face covering. Facial coverings have repeatedly caused bacterial infections requiring medical intervention. He is not to be required to wear face coverings.

Sincerely,

A handwritten signature in black ink, appearing to read 'J Diggs MD'. The signature is fluid and cursive, with the 'MD' clearly visible at the end.
